WiFi Doorbell Chime

Indoor Doorbell Chime • Works with DB VDB-E11 or DB VDB-E-DB6I • Built-in Speaker • 11 Ringtone Options • Snooze Alert: Set times to silence chime alerts

Overview

The Wireless Chime is an indoor standalone doorbell that rings when your outdoor video doorbell is pressed. It can be paired with DB VDB-E11 or DB VDB-E-DB6I doorbells. With the DMSS application, you can customize your chimes, making your security system not only functional but also personalized. For added convenience, the Wireless Chime can be linked to multiple video doorbells at the same time, ensuring you never miss a visitor no matter where you are in your home.

FEATURES

- Indoor Doorbell Chime

- Compatible with DHI-DB11 and DB6I WiFi Video Doorbells
- Built-in Speaker
- 11 Ringtone Options
- Snooze Alert: Set times to silence chime alerts
